

MISSION: See Deep, ROV

USING A TONE DIALER

1. Turn it on.
2. Hold the dialer directly over your microphone.
3. Choose a direction to drive the ROV and press the corresponding button on the dialer. **The ROV will automatically stop when you release the button.**
 - Watch out for rocks and the walls of the tank.
 - Be aware that while students are driving the ROV with the dialer, it may be difficult for Mote's educator to hear questions.
4. Turn off the dialer when finished.
